Changes at the Studio

Lindsay Beal has worked, mentored, encouraged and in every way supported PAC almost from the beginning. She has seen a fledgling organization take flight, from a not-for-profit running on a shoestring to a registered charity. She has inspired novice artists to reach their potential, with her unflinching enthusiasm and all the time keeping art fun and enjoyable. She has started many initiatives and programs to help the membership and reach out into the community. It is almost unthinkable that she is leaving us, but she is. Her last day is November 26th. Please come for a special trading card workshop with Lindsay. - Devorah Stone
